## The Cadet Movement

The reorganization of the local committee for the province of Alberta of the Strathcona Trust having been completed, the annual meeting will be held in Calgary as an early date.

Throughout the province, there is a growing interest in physical training of school children, both boys and girls. The Strathcona Trust is the controlling body of the cadet movement throughout Canada and the local provincial committee administers the funds allotted from the central trust funds at Ottawa to this province.

Since taking over the command of Military District No. 13, Major L. W. Miller, D. S. O., has devoted a great deal of attention to the cadets. By virtue of his appointment as general officer commanding, Brig. Gen. Bell is chairman of the Strathcona Trust.

The local committee for the province has been reorganized and the new members appointed. The committee now comprises three civilian members, who are nominated by the provincial minister of education and three military members nominated by the general officer commanding and appointed by the militia council at Ottawa, with the G. O. C. as chairman. The secretary is Major L. W. Miller, D. S. O., who is also appointed by the militia council, to being the staff officer for cadet services in Military District No. 13, with the title of organizer and inspector of cadet corps.

These appointments have only just been announced from Ottawa.

The administrative work of the Strathcona Trust is performed by the militia authorities and without expense to the Trust. The members of the committee give their services gratuitously, and act in an advisory capacity besides administering the funds apportioned to the province from the Trust, created by the late Lord Strathcona and Mount Royal. The grant to each province is made yearly, on a percentage basis, according to the school population of the province and the number of cadets actually enrolled and trained.

The education department of the province through its officials decides upon the standards of efficiency in physical training required and makes its awards accordingly. The inspector of cadet corps upon the physical standards of each cadet corps and makes his report to the militia department, on which report the corps' efficiency in drill is fixed and the instructor and the corps are given a money grant from the Strathcona Trust funds therefor. This is a separate and distinct award from that for physical training. It is upon the standard reached in both branches that the cadet corps itself benefits from the funds of the Strathcona Trust, apportioned by the local committee.

The members of the provincial committee are: J. T. Ross, deputy minister of education; Edmonton; G. Fred McNally, supervisor of schools, Edmonton; and J. D. Haydon, druggist, Lethbridge, Alta., who are the civilian members with Lt. Col. M. B. Peacock and Lt. Col. G. S. Robinson, M. C., of Calgary, and Lt. Col. Nelson Spencer, D. S. O., M. P. E., of Medicine Hat, as the military members.

Cadet corps may be formed in any public, separate or private school or college, as well as in any militia unit in the province. Every encouragement is given in the organization of cadet corps by the authorities at headquarters of M. D. 13, Calgary, and any information desired on the subject will be furnished on request. It may be added that certain equipment and cadet rifles are furnished by the militia department, without cost to cadet corps, and money grants are made to the instructors who train the cadets in physical drill and the minor drill formations, the grants being made according to the number of cadets enrolled and trained, and efficiency attained.

There are numerous trophies offered for annual competition in drill, physical training and rifle shooting, among the cadets. Public spirited citizens and associations, as well as the Strathcona Trust, have presented handsome prizes from time to time. Some are for local competition while others are open to cadets throughout the province, and it is anticipated that the number of prizes to be offered this year will be greatly increased.

## Card of Thanks

Mrs. Alfred Sheldon, of Bellevue, desires to publicly thank the many kind friends for assistance during the illness of her late husband, and for floral offerings and many other expressions of sympathy with us in the hour of bereavement; also to express appreciation of kind attention from the Oddfellows, with whom Mr. Sheldon had been closely associated.

The chicken season has been cut down to a period of two weeks. They'll have to "leap" some in that two weeks.

## Death of Mrs.

J. S. Lambert

The death occurred at Macleod on March 27th of Mrs. J. S. Lambert, wife of the local district representative of the civil service establishment bureau. Interment took place at Macleod on the 30th inst. The deceased lady was only 38 years of age, and leaves besides her husband, two sons and one daughter, to whom we extend our sympathy.

## Consular Invoice Fees

The American Consul at Fernie announces that beginning April 1st the following fees (in Canadian currency) will be charged for the certification of consular invoices: Ordinary invoices.....\$3.00 Invoices of returned American goods.....1.20

Where fees are paid by personal check, fifteen cents should be added to the amount of the fees to cover loss; bank charges.

The Fernie Consular District embraces all Kootenay, a strip of Alberta east to Pincher Creek, and the Boundary district west to Carmi and Bridesville. All shippers within this district should forward their invoices to the Fernie Consulate for certification.

## Death of Mrs. Thomas Ede

Word was received by Mr. Thomas Ede, local barrister, from his sister at Searforth, Louisiana, last week, announcing the death of Mrs. Ede, which occurred on March 10th. Mrs. Ede had suffered from some time from Bright's disease. Interment took place at Searforth on March 13th. Deceased was sixty-eight years of age.

## Northern Alberta Land Districts Map, 1919

A third edition of the Land Districts Map of Northern Alberta has just been issued by the Natural Resources Intelligence Branch of the Department of the Interior. This map which is in great and increasing demand has been brought up to date and is one which nobody looking for Alberta lands between Lat. 52 deg. 50 min. and Lat. 60 deg. that is to say from a little below the parallel of Edmonton to that of Fort Smith, on the Slave River, north of Athabasca, should be without.

Beyond the material found on most maps, colours clearly define the areas specially reserved for soldier settlement, Dominion Land Districts with the office of the Government Agencies, and also the area in which lands becoming vacant by cancellation or abandonment are reserved for further soldier settlement. The number of quarter-sections in each surveyed township that are available for homestead entry whether in lands specially reserved for soldiers or not is also definitely stated.

The areas shown on this map as already set apart for returned soldiers lie mainly north and west of Edmonton and through the districts of Peace River, Grande Prairie and the Peace River Block in British Columbia. These lands are included in the great northward loop of the summer southern of 55 deg. Fahr., the line of greatest heat passing two degrees further north through Fort Vermilion on the Peace River, 350 miles north of Edmonton. This climatic fact, taken together with large areas of fertile soil and a sufficient rainfall even in a dry year such as this, makes the country well suited to grain growing, stock raising and general farming. The result is an increasing stream of intending settlers. As a publication which might be described as a map of the vacant lands in Northern Alberta, it is valuable and timely.

A copy of this map may be obtained free by applying to the Superintendent, Natural Resources Intelligence Branch, Department of the Interior, Ottawa, Canada.

# Britain Reduces Navy Bill, While U. S. Increases

London.—The navy estimates were in the House of Commons' program. They are down nearly one-half the amount voted last year, being a net sum of £84,500,000, as compared with £157,000,000. Provision is made for 136,000 personnel, against 280,000. The First Lord of the Admiralty was given full credit in the discussion for his important reductions.

Interesting facts in his explanatory statement are that the capital ship, in the opinion of the naval staff, remains the unit on which sea power is built, and that it is proposed to create a naval air wing. The First Lord said that Admiral Jellicoe's report on the dominions' navies will require very careful consideration, and that a scheme could only be settled by discussion with representatives of the dominions in London. Movement would necessarily be slow in these developments. The dominions had accepted the responsibility and made heroic sacrifices and were bearing great burdens. They must not be hurried in these naval developments.

Washington.—The United States naval experts say the country is building more warship tonnage than any other nation.

Twelve super-dreadnoughts and six great battle cruisers, aggregating 665,400 tons, are under construction. In private navy yards. They will carry a total of 152 16-inch guns and 24 14-inch guns, and will have the new electric drive engines.

With the completion of this fleet probably in 1923, the United States will have a battle force of 19 super-dreadnoughts and six battle cruisers in the first line, and eight dreadnoughts and a number of smaller battleships in the second line.

Sir Robert's Health Is Improving Ottawa.—Latest information reaching Ottawa as to the health of Sir Robert Borden is to the effect that the Prime Minister is rapidly regaining his former health and recovery is being anticipated. It is stated he will likely be in Ottawa about May 1. As the session is expected to continue for a couple of weeks after that date, the expectations are that the premier will take his place in the Commons Chamber before prorogation.

China's Plans Honolulu.—The Pekin government has instructed the Chinese minister in Washington to notify the state department that the policy of China is to reconcile the north and south factions in China before negotiating with Japan on the Shantung situation, according to a Tokio wireless message, received here by the Japanese cruiser Yakuma.

# Allies Occupy Turkish Capital Without Trouble

Constantinople.—The city was occupied by allied forces under General Sir George E. Milne, of the British army. This long-looked-for military demonstration by the allies against Turkey was carried out with only one untoward happening, a serious clash at the war office, where the Turks resisted the allied troops.

The excitement caused by the occupation quieted down before darkness, which brought absolute calm.

The allies have occupied the ministry of war and navy, and assumed control of posts, telegraphs and telephones, which have been temporarily suspended. Shipping also has been suspended.

The landing of occupation forces was carried out under guns of the formidable fleet anchored in the Bosphorus.

The British dreadnought Benbow was moored at the Galata Quay, her guns trained on Stamboul. Another man-of-war faced the city in the Golden Horn, while all other warships in the Bosphorus were standing by with their decks cleared for action.

Except in the instance stated, however, there was no resistance. The population, in fact, showed little alarm, nor was there any sign of panic except in one section of Stamboul, as commanders of the allied troops brought their forces ashore.

These forces included four thousand

## Ebert Again in Control

Expected Attack on Berlin By Several Thousand Workmen Failed to Materialize

Paris.—Gen. Von Seeckt, in command of the troops loyal to the Ebert government, is in absolute control, the advisers say. Most of the troops of Gen. Von Luetwitz have already left Berlin.

The expected attack on the capital by several thousand workmen failed to materialize.

Berlin.—The Ebert government is again in control in Berlin. Vice-Chancellor Schirer, in whose hands the sudden retirement of Dr. Wolfgang Kapp temporarily placed, the administrative power, and Gustav Noske, minister of defence, are engaged in bringing about order in the city and restoring activities to their normal basis. Regular troops, loyal to the Ebert regime, are guarding the streets and detachments of them are tearing down wire entanglements and barricades which the revolutionary soldiers erected in profusion. In this connection there was an unfortunate accident, where in the case of a mine, in southeastern Berlin, the explosion killed twelve persons and injured 28.

## Allies Watch Germany

Lloyd George Says Powers Intend to See That Peace Treaty Is Observed

London.—Questioned in the House concerning when a statement of policy with regard to the situation in Germany would be made, Premier Lloyd George said that in a rapidly changing situation such as that at present in Germany, the British government does not consider any fresh statement of policy possible.

The premier said that the matter was under further consideration, and they might rest assured that Great Britain, in common with the other allied governments, intended to see that the peace treaty was observed.

Threaten Martial Law in Egypt. Cairo, Egypt.—Field Marshal Allenby, British high commander in Egypt and the Sudan, has issued a proclamation which sternly forbids any meetings, proceedings or resolutions by the legitimate assembly or by the provincial councils, or by other elective bodies or members of them outside their legal competence.

Violations of the proclamation are to be dealt with by martial law.

The Persian Gulf is nowhere more than fifty fathoms deep.

## To Preserve Supremacy Of The British Navy

Long Declares Nation Will Keep Up Power According to Other Countries

London.—Walter Hume Long, First Lord of the Admiralty, told the House of Commons that the government was firmly adhering to the traditional policy that the British navy should not be inferior to the navies of the other powers. Then, alluding to the United States as the only country whose navy approached that of Britain in strength, he said that the idea of competition in armaments between the United States and "Great Britain was repugnant, adding: "We hope and believe that if there is any emulation between us, it is likely to be in the direction of reducing that ample margin of naval strength, which we like to preserve over other naval powers. It is the foundation of the British naval policy."

## Japs Going To South America

In Future Will Avoid the U.S. for Settlement

Honolulu.—Japanese immigrants in the future will avoid United States territory, going instead to South America, according to a Tokio wireless message picked up by the Japanese Yakuza. The message, quoting a statement by M. Nagata, president of the immigration association of Tokio, indicated Japanese emigration to South America probably will centre in Brazil, where a Japanese colony is planned. Nagata is going to South America in the near future. It is believed that many Hawaiian Japanese will go to Brazil, according to statements of leading Japanese here.

## Bavarian Diet's New Premier

Kahn Will Fill Position Until New Premier Is Chosen in Next Election

Copenhagen.—According to a Munich dispatch received here, the Bavarian Diet has elected Dr. Kahn-premier. Kahn declared himself to be a representative of people's sovereignty and said he would hold the place for the premier who is to be elected by the Diet in the next election.

The various political groups in the dispatch continues, declared that executive powers had been restored to the civil authorities; that the Imperial and state constitution would be invariably respected, and that the full liberty of officials, workers and employees to unite would be protected.

## Allies Forces On Rhine

American Army of Occupation in Germany Numbers 14,000

Coblenz.—The American army of occupation, numbering 14,000 men, is being issued full field equipment under orders issued before the German revolution. There have been no movements to reinforce any position or any military activity, except those concerned with police and military territory. The allied forces along the Rhine are estimated at slightly more than 100,000 men.

## Armenians Ready to Help

Adana, Asia Minor.—The Armenians here have closed their shops and informed the French that they will send armed Armenians to the relief of Hadjin, northwest of Marash, where the Turks are reported to be terrorizing the populace, if the French do not dispatch troops. The villages of Romo and Yebakalra have been overrun and the Armenian inhabitants have fled to Hadjin.

## Visit Ex-Kaiser

London.—A number of Germans of high rank have visited Amerongen during the last few days, the Central News correspondent at Amsterdam reports. It is not known whether they have been able to communicate with former Emperor William. It is declared, however, that none of them were allowed to talk personally with the former ruler.

## Fuel Oil Contracts

Washington.—The shipping board announced that contracts had been signed for more than 12,000,000 barrels of fuel oil for delivery to Atlantic and Gulf ports during the next six months. The contract prices ranged from \$12.7 to \$15.6 per barrel.

Vancouver, B.C.—It is reported that the Dominion Department of Public Works here will soon commence the construction here of a federal government building, in which to house the various government offices. It will cost \$1,000,000.

W. N. U. 1208

## Opposes Franchise For Jap Veterans

B.C. Politicians of All Parties Protest Against Dominion Proposal

Victoria, B.C.—The government's proposal to grant the franchise to Japanese veterans of the Canadian expeditionary force is arousing strong protest from members of all shades of politics in the house, and when the debate on the motion for the second reading of the new Elections Act was proceeding with it, it was made clear that when the bill reached the committee stage a determined effort to eradicate the provision will be made. W. J. Bowser, opposition leader, will move amendment striking out the provision, and he will receive support from some government members, as well as the soldier representatives, the latter being against it.

## Paris Threatened With Novel Strike

Citizens Walk and Chauffeurs Will Walk Out

Paris.—Chauffeurs threaten Paris with a novel strike, their demand being a diminution of fares. Since the law calling for increased taxation went into effect a few days ago a long line of taxis have been idle, the chauffeurs having taken to walking. Chauffeurs claim their income has been decreased 50 per cent. because of the recent increase in their rates of 100 per cent, and they demand that the rates be brought back to the former scale.

## Increase Guard On Ex-Kaiser

Dutch Home of Former German Emperor Has Been Turned Into Prison Fortress

Amerongen.—Reinforcement of the Dutch guard at Von Bentinck's castle, which since the middle ages has been protected by moats and drawbridges, has made the former emperor's refuge a veritable prison fortress, capable of defence even in the unexpected event of attack by raiders desiring to free the exile. The castle is situated in a big square. The four sides are posted, while two of them have additional walls.

Constables and military police patrol the roads night and day. To the right of the main entrance is a small building in which rest reinforcements. Here sentries are on guard. Besides this main gateway, a distance of 130 yards, is another gate, barring an inner driveway to the drawbridge. Here sentries are stationed. Still further on, where the road bends at another gate, there is also a guard. Then turning to the right, a driveway leads to the terrace on which the castle stands. Police patrol this terrace.

Beyond the dyke in the rear of the castle is a meadowland crossed by ditches and hedges, and in the meadow are patrols, particularly warned to guard against the landing of airplanes. So strict has the guard over the former monarch become that J. B. Kan, general secretary of the Dutch government, charged with guarding the Hohenzollerns, had to produce a pass before being admitted.

## Coal Located at Jasper Park

Winipeg.—Bituminous coal deposits totalling nearly 30,000,000 tons, and lying within three feet of the earth's surface, so that it may be loaded on cars as cheaply as gravel can be loaded in a ballast pit, have been located near Jasper Park, according to Geo. E. McDonald, general manager of the Pacific Coast Eastern Railway, who was recently in the prairie provinces on a business trip.

## Spaniards Seek Hidden Treasure

Madrid.—The newspapers are demanding of the government credit for the commencement of excavations in the province of Leon, to unearth Roman cities, which are believed to be buried there, and who tradition says contain great quantities of jewels and money and antiquities of great value. The papers desire that the task be assigned to experts who would be capable of making a success of it.

## Boy Killed By Clandestines

Pueblo, Colo.—Five schoolboys, arrested in connection with the death of Ted, the 11-year-old son of Mrs. H. A. Kuykendall, confessed, according to the police, that they killed the boy to death because they were jealous of his high standing in the school the boys attended.

## Execution of Alvarez

Agua Prieta, Sonora, Mexico.—Jesus Alvarez, former a colonel in the army of Francisco Villa, and more recently operating as a bandit and playing a lone hand in the central and southwest sections of Sonora, has been executed by Carranza soldiers, according to military authorities here.

# Sims Concludes Charges Against U.S. Naval Dept.

## Want Completion of Hudson Bay Road

Western Members Form Organization Which Is to Carry on Propaganda Work

Ottawa.—Western members of the House of Commons held a meeting and decided to press for the completion of the Hudson Bay railway this year. Those present formed themselves into an organization which is to carry on propaganda work. It was decided to draw up a resolution immediately for the order paper asking the government to proceed with the work at once.

T. A. MacNutt, Saltcoats, was appointed chairman of the organization, and J. A. Campbell, The Pas, secretary. Mr. Campbell was asked to wait upon the three cabinet ministers from the prairie provinces and ask for their support. Hon. J. A. Calder, who is confined to his home with a bad cold, could not be present at the conference, but could Hon. T. A. Cresser. Both, however, are believed to be willing to support the project.

Last fall the estimate of the cost to complete the road was given as \$1,750,000, but estimates in various quarters this year place the figure at \$4,000,000. It is pointed out, however, that labor conditions last year were very much worse than they are likely to be this summer.

## Earl Grey to Tour U. S.

Stated That He Will Visit America and Lecture on League of Nations

Montreal.—A London cable to the Montreal Star says more details concerning Lord Grey's forthcoming visit to the United States were revealed in the announcement that the diplomat planned a lecture tour with the League of Nations as his theme. He is an ardent proponent of the league and believes that upon the support it receives in America depends in a large measure success or failure of the covenant.

When he went to Washington as British ambassador it was in his mind to travel over the country to speak in favor of the league, but while the treaty was in the senate, he felt himself constrained to silence.

On his return to the United States he will be without official status, and he may talk.

London.—The Evening Standard says it learns the commander of the Turkish troops in Thrace has refused to accept orders from Constantinople, has renounced the armistice and purposes to establish a government in Adrianople.

# Kapp Regime Is Ended After Short Control

Berlin.—After holding the reins of power for less than five days, Dr. Wolfgang Kapp, self-appointed chancellor and dictator, has retired from office and control. He resigned, and an official communication explained that the chancellor considered his mission fulfilled when the old government decided to meet the most essential demands addressed to it.

He was also moved to this action by the extreme necessity of the Fatherland, which demanded union against the dangers of Bolshevism. The real circumstances of Kapp's retirement are still shrouded in mystery. An important factor undoubtedly is found in the deliberations of the outer secretaries and the Imperial council, which Major-General von Luetwitz attended. The views of this conference were that both Kapp and von Luetwitz withdrew in order to terminate an intolerable position.

Von Luetwitz agreed to this, but when he returned to the chancellor he allowed himself to be persuaded to change his mind and retain office. To him has been delegated the executive power by the former revolutionary chancellor, and it is difficult to say what will happen now that Von Luetwitz remains military dictator of Berlin.

Washington.—Concluding his long arraignment of the navy department's conduct of the war, Rear Admiral Sims, laid before the United States senate investigating committee thirteen specific counts in his indictment charging mistakes and costly delays.

Some of the principal points in the Admiral's summary of his charges follow:

"That in spite of the fact that war had been going on for nearly three years, and the United States entry into it had been imminent, at least from February 2, 1917, the vessels of the navy were not ready for war service when the United States entered;

"That the navy department supplied Admiral Sims, with no plans or policy covering United States participation in the war for three months after that country's entry in;

"That, having the information as to the critical situation of the allies due to Germany's submarine campaign, the United States navy department did not promptly assist them, and thereby prolonged the war, by delaying the sending of anti-submarine vessels, none reaching Europe for nearly a month after war was declared, and two and a half months elapsed before thirty vessels arrived;

"That the navy department attempted to formulate war plans of operation without having sufficient knowledge of the whole situation;

"That the United States department's representative with the allied admiralties was not supported during the most critical months of the war, either by adequate personnel or by adequate forces that could have been supplied;

"That the navy department violated fundamental military principles in dispersing forces away from the critical area in order to meet diversions of the enemy;

"That the navy department in the first months of the war, attempted the direction of the details, although 3,000 miles distant from the scene of active operations, where the situation was changing from day to day."

Admiral Sims' direct testimony filled nearly 200 large printed pages and took him nearly sixteen hours to read it.

## Pacific Coast Airplane Race

San Francisco.—The Pacific Aero club has made an announcement for the first sanctioned air race ever held on the Pacific coast. It will be the Del Monte air classic on April 26. Fredrick Porter, chairman of the contest committee, has mapped out the air route and conditions for the race, which will be from San Francisco to Del Monte, with no stops. The return will be over the same route. The distance is approximately 100 miles each way.

## Berlin After Holding the Reins of Power

Washington.—The general strike dealt this government a mortal blow, the decisive fact is that Kapp and his supporters had no political prestige, their government being built only on machine guns.

The statements made at these conferences gave a strange impression, and caused a suspicion that the cry of alarm about the Bolsheviks was preliminary to the announcement of retreat. The chief of the press bureau warned the correspondents against showing themselves on the streets as a communist revolt was expected hourly.

That any kind of compromise is out of the question now is undoubted. President Ebert, of the old government, is sharply entrenched at Stuttgart, where, according to semi-official dispatches, the council of the empire met and unanimously approved the old government and strongly condemned the military coup at Berlin.

Frightened Berliners were asking "The White or Red terror? Which?" This was in consequence of an official announcement that the Reds were planning an uprising calling upon the people to save the country from Bolshevism.

## FARMERS BREED PERCHERONS

The only breed of draft horses ever shipped back to England from Canada for breeding purposes were Percherons. The greatest breed of draft horses in North America are Percherons. The latest investment in draft horses is today a Percheron. A profit to own a pleasure to handle. You will make no mistake in your horse breeding this year if you use a Percheron sire.

### WRITE FOR INFORMATION AND LITERATURE

Let us put you in touch with the best Canadian Percheron Breeds. Mention this paper when writing.

The Canadian Percheron Horsebreeders' Association

William H. Wilson, Secretary (Desk A), Calgary, Alberta

## BAR U AND NAMAKA FARM PERCHERONS

The largest stud of the Purebred Percherons in the World. The first Percheron-bred Farm established in Canada. The only firm on the American continent from which British-bred Percherons have been selected Percheron breeding stock to establish studs in Britain.

Do not let the British breeders come to Canada and carry off all our best foundation stock. Do not be satisfied with the cheap stallions brought in by irresponsible dealers and auctioneers from the United States, when you can have the best individuals of the best breeding raised right here in Alberta by men who have been in the breeding business for 25 years and expect to remain in the business. We have several hundred of Purebred Percheron stallions of our own breeding now on hand to select from. We have the best of the breed and it is our policy to sell one from the lot to suit you, we will give you every assistance in our power. Write for list of sires to Calgary, Alberta, and we will meet you and show you the stock at any time.

## Irrigation Among

### The Incas

One of Greatest Works Roused the Wonder of Modern Engineers

It is well known that the natives of Peru, at the date of Pizarro's conquest, had reached a high degree of culture. One of their greatest works has recently aroused renewed wonder on the part of modern engineers. This is the irrigation canal, constructed by order of Viracocha; the canal is 3 1/2 miles deep, and almost 650 kilometers long, running through the present departments of Huancavelica and Ayacucho; it converted the plains of Castrovirre and Cangallo into flourishing pasture land. The work is all the more surprising when there taken into consideration the nature of the land, which is between 3,600 and 4,800 meters above the level of the sea, and was encumbered with gigantic rocks that had to be removed without the aid of machinery, explosives, or iron implements. There were high slopes to be connected by bridges, and mountain torrents that had to be turned to use.

### Citizen Soldiers

Keenest Rivalry in Athletics Will Be Encouraged Throughout Victoria

Australia's cadets, the citizen soldiers who are trained under her compulsory home defense system, have a warm-hearted friend in Blairmore. General Brand, state commandant and one of the most distinguished Australian leaders in the late war. General Brand recognizes that routine is irksome, and he is popularizing senior cadet work by combining it with sports programs whereby the keenest rivalry in athletics will be encouraged throughout Victoria. General Brand's scheme has been enthusiastically welcomed by the boys and by citizen's contingents, who have joined heartily in the sporting competitions between battalions, brigades and training areas. This new way of making soldiering more the introduction of a common interest among the units, skill, discipline and clean rivalry.

## Egg-Laying Contests

Announcement Made Calling Start for November 1st

Announcement has been made by E. C. Elford, Dominion poultry husbandman, that egg-laying contests will be continued next year by the experimental farm system throughout Canada. These contests will start on Monday morning, November 1.

The contests in the West will be held at the experimental farm stations at Brandon, Man., Indian Head, Sask., and Lethbridge, Alta. The Ottawa contest will be for the Dominion and the others for the provinces in which they are held.

## Treaties in Canada

Copies of the following treaties have been laid upon the table in the Canadian House of Commons by the Hon. N. W. Rowell, Acting Secretary of State for External Affairs: With the Czechoslovak, with the Serbo-Croat-Slovene, the arms traffic convention, the liquor traffic convention, which deals with the liquor traffic in South Africa, and the Berlin and Brussels acts conventions. These were signed on behalf of Canada by Sir Edmund Kemp, overseas Minister of Militia.

## Like a Tidal Wave

Heart Disease and Nerve Troubles Sweep the Country

Probably at no period in the world's history have heart and nerve troubles been so prevalent as they are today.

The heart can't stand the stress and strain of this busy, bustling age, and the care and worry, the anxiety and activity of busy life combine to make a serious drain on the nervous system.

The business of this work-a-day world goes with such a rush that the stoutest hearts and strongest nerves break down under the strain.

On the first approach of any breakdown of the system Milburn's Heart and Nerve Pills should be taken. The reconstructive power of these pills on the heart and nerve system is simply marvellous.

Mr. W. A. Wright, Hopewell Ave., Ottawa, Ont., writes: "After suffering for some time with my heart, I consulted a number of doctors. I got no relief. However, I read what Milburn's Heart and Nerve Pills had done for others, who had the same symptoms and thought I would give them a trial. Believe me, six boxes cured me completely. I am feeling fine now, and can attend to my work every day. I can recommend your pills to anyone suffering as I did. Price 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont."

## Polish Currencies

Poland Has Ten or Twelve Different Kinds in Circulation

The financial authorities in Warsaw are planning to provide Poland, with a new currency. "Slotny," it is to be called, says a Geneva correspondent to the New York Evening Post, and when it is established, will reduce to order and convenience a condition that in the everyday life of trade must often perplex the average citizen. Slotny, however, is an established Polish currency that circulates yet only in the imagination of the financiers and for the practical purposes of finance Poland has ten or twelve different kinds of currency in circulation. There are the real Polish marks, popularly referred to as Kosciuszko marks; issued by the government, but there are also the 1,000,000, 000 Polish marks issued by a consortium of Polish bankers during the period of German occupation and called "requisition money," because it is covered by German requisition bonds and rests for security on the future German war indemnity. The German soldiers, moreover, put in circulation a great deal of currency, and to this must be added a vast number of Austro-Hungarian crowns and an interesting collection of rubles, the old Czar's ruble, of which about 1,000, 000,000 are still circulating in Poland; the Kereszky ruble, a German ruble, issued for military purposes, and a Bolshevik ruble, that came in during the short time when the Bolsheviks occupied the Minsk district. To say nothing of such other currency as the Karbowanys and the Hrivny that go into circulation when part of present Poland was attributed to the Ukrainian Republic. Some day financial authorities hope to exchange these various currencies into Slotny.

## Minard's Liniment Cures Burns, Etc.

Lethbridge-Weyburn Line

The gap on the Lethbridge-Weyburn line will be filled up and construction on this line completed in 1921, according to word received from D. C. Coleman, general manager of C.P.R. western lines.

A wise man has all the money he needs, but a fool never has enough.

Wild horses were abundant in Europe in the polished-stone age.

## AFTER EFFECTS OF INFLUENZA

Often Serious

Victims Are Left Weak, Tired and Mentally Depressed

Treatment Is Strongly Recommended

No pestilence in years has caused more widespread suffering than the epidemic of influenza which swept over Canada in the fall and winter of 1918-19, and again, this winter. The danger from this trouble is seldom over when the characteristic symptoms, the fever, headache and the depression and aches have passed away. Influenza leaves behind it weakened vitality, thin blood, impaired digestion, and over-sensitive nerves. Men and women who were robust before stricken with influenza find their bodies racked by pains previously unknown to them. This condition is due to an abnormal thinning of the blood and leaves the system an easy prey to other serious troubles. This is the time when the convalescent from influenza should build up the blood with a reliable blood-making tonic such as Dr. Williams' Pink Pills. Weak blood means impoverished nerves, impaired digestion, a feeling of tiredness after even slight exertion, and sometimes even more serious systems. Weak blood means a rich red quality of the blood, which recovers their strength and the organs of the body suffer no ill effects from the blood. The experience of Mr. Andrew Marty, Bathurst, N.B., prove of value to a host of influenza sufferers who suffer from the effects of the disease. Mr. Marty says: "The new life and consequently new hope brought into my life through the use of Dr. Williams' Pink Pills is almost beyond my power of expression. Following a severe attack of influenza in 1918, I found myself rapidly failing in health, and was naturally much alarmed. I began to lose weight, could not eat, did not sleep well, and in a word I was reduced to a mere shadow. I was forced to discontinue my work, and my health was in a very bad condition. I tried a number of suggested remedies, but without benefit. And then one day Dr. Williams' Pink Pills were suggested to me. I acted on my friend's advice, and began taking these pills, and soon felt an improvement. Every day I seemed to grow stronger, and after four weeks' treatment I felt fully restored to my old-time health. From my own experience I feel that, if given a fair trial, there is no medicine superior to Dr. Williams' Pink Pills in building up a run-down system."

Dr. Williams' Pink Pills are a tonic, not a stimulant. They build up the blood, and not only the disastrous after-effects of influenza, but also troubles due to poor blood, such as anaemia, rheumatism, indigestion and other troubles which result from a blood that affects so many people, disappear. You can get these pills through any dealer in medicine, or by mail for 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

## Britain May Demand Compensation From U.S.

Delay in Turning Over German Ships Caused Considerable Loss to Government

The British Government is considering the question as to whether it should claim compensation from the United States for the delay in turning over to Britain the German ships allocated to this country by the peace conference, says a London dispatch.

This was announced in the House of Commons by Andrew Bonar Law, government spokesman. He declared considerable loss had been caused by the retention of the steamships as the Emperor after completion of their services for the United States.

Representations on the subject have been made to the Washington Government by the British Ministry of Shipping, he added.

The ships referred to in the above dispatch are not those the sale of which was stopped recently by injunction, but vessels which were temporarily turned over to the United States to complete the repatriation of American forces.

## Magdalena Cream

Adm Additional Charm to a Perfect Toilet

WOMEN have skin of such delicate texture that they occasionally are annoyed by chapping of fine lines, the burning of wrinkles. March winds usually play havoc with skin of this delicate texture. The West can easily keep her skin soft by applying a little Magdalena Cream.

A delightful vanishing toilet lotion. Keeps the skin smooth as velvet. Ask Your Druggist for It. If He Cannot Supply the Same, Order Direct from MAGDALENA CREAM CO., No. 2, 322a St. W. W. Calgary, M.V.

Blairmore, Alta., Thurs., Feb. 25, 1920

## The T. Eaton Advertising

A great many papers throughout the province have turned down an advertising proposition put to them by the T. Eaton Co. of Winnipeg. The same proposition was put to us, and we are carrying the advertising at what we considered a prohibitive price, until, such time as we receive the amount of local postage necessary to support the local paper. Our contract is subject to cancellation at such time as it may be so offset by local postage.

The postmaster has received notice from the Veterans' Club to vacate their premises as soon as other suitable quarters for the post office can be secured. We understand that there is a possibility of the post office being located in the old site, just across the avenue from the present site, and that arrangements were likely to be made with the F. M. Thompson Co. to have the rear end of their building properly fitted up for occupation at an early date. Seventh Avenue is the centre of the old townsite, and the people of Blairmore should support the location.

Blairmore No. 1 Lodge, 68, meets in their Hall Victoria St., every Tuesday at 8 o'clock. Visiting brethren welcome.  
G. EVANS, N. G. J. B. HARMER, R. S.

**CROWNS' NEST ENCAMPMENT NO. 1**  
Meets in the L.O.O.F. Hall every second and fourth Wednesday at 8 o'clock sharp.  
F. ZILLI, C. P. E. ECKMIE, R. S.

Crowfoot Rebekah Lodge No. 100 meets the first and third Thursday of each month, at 8 p. m. N. G. M. Rhodes; R. Secretary, Miss K. Archer.

## 5000 Facts About Canada

"Canada in a nutshell" is an apt description of the popular "5000 Facts About Canada," the thirteenth annual edition of which is out for 1920, as compiled by Frank Young, the well-known Canadian authority. It is a most striking illustration of the trade, finances, industries and resources of the Dominion in concrete form, and will prove a revelation to even the best informed. This new issue contains a wealth of new matter, including fiscal year facts. It contains no less than 50 chapters of facts all told, ranging alphabetically from "Agriculture" to "Yukon." Copies may be had from newsdealers or by sending 25 cents to the Canadian Facts Publishing Co., 222 Huron Street, Toronto.

## Old Fashioned Preaching

Cardinal Mercier said at a dinner in New York:

"Nobody preaches about hell fire now. I hear the preaching, as it is called, evokes more amusement than horror."

"I once heard an old-fashioned Brussels priest say to his congregation—

"Friends, you've seen molten iron pouring out of a furnace, haven't you? You've seen how it comes forth white-hot, scolding, hissing. Well, friends—"

"And the preacher pointed impressively straight down with his long finger.

"Well, friends, they say that stuff for fire cream down there."—Catholic Review

## Using More Coffee

Whether prohibition has or has not increased the use of coffee, it is at least a fact that the people of United States are now consuming more coffee than has been their custom and paying far greater sums for it than ever before. A statement by the National City Bank of New York shows that quantity of coffee brought into the United States in calendar year 1919 was greater than ever before, notwithstanding the fact that the cost is about three times as much as it was formerly. The imports for the ten months ending with October approximate 1,140,000,000 pounds against 940,000,000 pounds in the same months of last year, and 1,122,000,000 pounds in the former high record years in importation.

## Natural Deductions

"Can any of you tell me what the ruler of Russia was called?" asked the teacher.  
"The czar," roared the class.  
"And what was the czar's wife known as?" Only two voices answered this time: "The czarina."  
"Ah, and the teacher, eyeing his flock fondly, "That is very good."  
"Now, who will tell me what the czar's children were called?"  
"Czarevich!" yelled one little boy.  
Ladies Home Journal.

## Stray Animal

Stray cow, dry, small size, sorrel and white color, long sharp horns animal about four years old, at C. Sertoris, Blairmore—Brand of left ribs, and on right hip.

## To My Teacher

I will never touch my gear shift without pushing down my clutch,  
I will never kill my engine when I stop,  
I will never turn my steering wheel too little or too much,  
I will never, never disobey the cop,  
I will never try to start the thing when either brake is on,  
I will never make a racket when I shift,  
I will never run my engine till oil and gas are gone,  
I will never give her more than she can lift,  
I will never burn my brakes out, however much I'm scared,  
I will travel on my engine down the hill,  
I will never be a road hog, but will always be prepared  
For the other man who can be if he will.

## Taxing The Idle

Stenor Giovanni Lombardi is in hurry doing into the U. S. that Italian a lot to penalize the idlingly lazy. Under this proposal a tax would be placed on all persons between the ages of 18 to 30 through physically capable, refuse to engage in some form of useful labor. The money thus raised would be applied to colonies, to which it is absorbed in a social work, the support of the aged, in a famine, this is a drastic measure, says the Hamilton Spectator, but a just one. The curse of civilization is the great army of parasites who fatten up the industry of others without contributing in any shape or form to the sum total of human effort and achievement.

## Heavenly Aspirations

Capl Palmer and Lieut. H. H. Fitzgibbon have decided to form a company to put Lethbridge and Southern Alberta on the map as a flying centre. A capitalization of \$10,000 will place them in a position to establish an aerodrome at Lethbridge and landings at different points east and west and inaugurate a general mail and passenger service. We understand that Sentinel flat is looked upon as a probable landing site. Once the system is established we will have the pleasure of seeing and hearing Harry shooting off. At any rate he'll find lots to (get) out about.

## For Sale

Six-Room House in Blairmore West, water and electric light, garage and underground all on one lot. Most desirable location. Price \$800 cash. Apply to The Enterprise.

Life insurance men remind us, We can make our wives sublime, And departing leave behind us, Widows worthy of their time— We can give 'em such a send off On the life insurance plan, That when we departing end off, They can scoop another man.

## H. E. Eshom

Wishes to announce that he has acquired the premises of George Knowles at Bellevue, and is prepared to do blacksmithing in all its phases and at reasonable rates. Nothing can compare with Eshom workmanship.

Department of Finance

Dominion of Canada

## Your Income Tax Return Should be Filed at Once!!

All persons residing in Canada, employed in Canada, or carrying on business in Canada, are liable to a tax on income, as follows:

Every unmarried person, or widow, or widower, without dependents as defined by the Act, who during calendar year received or earned \$2,000 or more.

All other individuals, who during calendar year received or earned \$2,000 or more.

Every corporation and joint stock company, whose profit exceeded \$2,000 during the fiscal year ended in 1919.

## CLASS 1

Forms to be used in filing returns on or before the 31st of March, 1920.

Trustees, executors, administrators, agents and assignees must use Form T 3.

Employers making a return of the names and amounts paid to all directors, officials, agents or other employees must use Form T 4.

Corporations and joint stock companies making a return of all dividends and bonuses paid to shareholders and members during 1919, must use Form T 5.

NOTE.—Individual companies making a return must use Form T 1 or T 1 A.

## PENALTY

Every person who is required to make this return, who fails to do so within the time limited, shall be subject to a penalty of \$10.00 for each day during which the default continues—and all such penalties shall be assessed and collected from the person liable to make the return in the same manner in which taxes are assessed and collected.

## Time Limit

All persons in Class 1, as shown hereon, must file on or before the 31st of March, 1920.

All persons in Class 2, as shown hereon, must file on or before the 30th of April, 1920.

## General Instructions

Obtain Forms from the Inspectors or Assistant Inspectors of Taxation, or from Postmasters.

Read carefully all instructions on Form before filling it in.

Pre-pay postage on letters and documents forwarded by mail to Inspectors of Taxation.

Make your returns promptly, and avoid penalties

Address of Inspector of Taxation for this District:

CALGARY, ALTA.

R. W. BRADNER, Commissioner of Taxation.

THE Triplex Springs of new Overland 4 make possible the first light car with the steadiness of a heavy, long car.

Public appreciation of the new features of Overland 4 is shown in ever-increasing demand for them. Upkeep cost is low because the Triplex Springs protect the mechanism from the usual road shocks. Light weight creates great economy of fuel and tires.

**Comment on Current Events**

The world was given a surprise on Saturday, March 13, by the sudden outbreak of a counter-revolution in Germany which had an immediate initial success, the Ebert Government fleeing from Berlin, first to Dresden and later to Stuttgart. This counter-revolution was engineered by the militarists and the reactionary Prussians, and a new "Imperial" Government set up in Berlin under the chancellorship of Dr. Kaupp, who was one of those who opposed the armistice in November, 1918, and wished to continue the war after the abdication and flight of the Kaiser. He is a Prussian of the Prussians. General von Luetwitz, another Prussian, and one of the military governors of Belgium during the German occupation, was named commander-in-chief of the army.

In an endeavor to defeat the aims of the military party, and a possible restoration of the monarchy, the Ebert Government called upon the Socialists and workmen of Germany to declare an immediate general strike and by tying up all means of transportation, coal mines, industries and business generally, cripple and nullify all efforts of the new Government. This was done, and with some effect, but at the time of writing it remains to be seen whether the horrors of civil war can be averted. Conflicts between the troops and the populace are reported from a number of places. Prussia may side with one party, and other states, like Saxony, with the other, thus leading to the break-up of the German confederation.

Political circles at Ottawa are all agog over the decision as to naval policy to be reached by the Government as a result of the recent report by Admiral Lord Jellicoe. In his report Lord Jellicoe declared emphatically for the establishment of a Canadian navy, and discarded the old idea of contributions of either ships or money to the British Admiralty. He submitted several alternative programs for a commencement in the work of creating a Canadian fleet, these varying from one calling for an annual expenditure of \$25,000,000 a year to one providing for an expenditure of only \$5,000,000 annually. Which of these to adopt, or whether to proceed with any of them at the present time, is the problem before the Government and Parliament. It is generally agreed that sooner or later Canada must, in view of her new national status, and the development of a large merchant marine of her own, provide protection for her own coasts and sea-borne commerce, but the question upon which the Cabinet and in Parliament, is whether a start should be made now, or the whole question postponed until national finances are in better shape, and further

knowledge is obtainable in regard to the plans of other nations. One thing is generally admitted, and that is that Canada cannot, with self-respect, continue to rely solely upon naval protection provided by the already overburdened British taxpayer.

Developments in the controversy in the United States Senate over the question of ratification of the Peace Treaty and acceptance by that country of full membership in the League of Nations point to a second refusal on the part of that body to ratify, with the result that the whole question will become an issue in the Presidential elections next November, thus largely overshadowing all purely domestic issues. Canada is deeply interested in the outcome, because of the challenge made to Canada's right to full membership and voting powers in the League of Nations by the Lennox amendment. The Canadian Government has made it clear both to Great Britain and the United States that it will never consent to any impairment of its rights as a member of the League, that it will refuse to accept the Lennox amendment, and that if it is accepted by other nations, Canada will be obliged to withdraw from the League. Australia, New Zealand, South Africa and the other overseas Dominions of the Empire support Canada's stand, and it is inconceivable that Great Britain will do otherwise than support the contention of Canada. The amendments are founded on right and justice.

In proportion to population and wealth, Canada did far more towards winning the war than did the United States, and by the sacrifices of her people, the heroic deeds of her soldiers and her outpouring of blood and treasure, not only in the last year of the war, but from the day Germany flung down a challenge to civilization, this Dominion won for herself a place of equality with all nations. Canada will never relinquish the rights she has won for herself, and, unlike so many people in the United States, Canadians do not shrink from acceptance of the responsibilities which full and unrestricted membership in the League of Nations may impose upon them.

**Minard's Liniment Relieves Neuralgia**

**To Regulate Women's Work**

In Certain Industries in Saskatchewan Hours are Set at 48 Per Week

Regulations have been issued by the minimum wage board governing women employees in certain industries in Saskatchewan, applicable to women working in hotels, restaurants, and places of amusement in cities. The hours are set at 48 per week, to be so arranged that no working period shall end between midnight and 7 o'clock in the morning. The minimum wage for experienced help is ordered to be \$14 a week with a period of three months' apprenticeship, during which term \$12 a week must be paid. Minors under 18 must not be employed in any hotel, restaurant or refreshment room after 8 o'clock in the evening. Whole board and lodging are furnished as part payment of wages, the sum to be deducted from the minimum weekly wage must not exceed \$25 for a full week's board of 21 meals. Where lodgings are furnished not more than \$2.50 a week may be deducted. Uniforms when required must be supplied, laundered and kept repaired without cost to the employees.

The Yukon River, in the Yukon Territory, passing through the Behring Strait, has a length of 2,300 miles. It drains an area of 145,800 square miles.

**In Canada After Wood Pulp**

Hall Cairns Is Here to Obtain A Supply of Wood Pulp For English Newspapers  
Hall Cairns, of London, England, son of Sir Hall Cairns, arrived on the steamer Empress of France. He is in Canada in the interests of a group of seven of the largest newspapers in England and is here to obtain a supply of wood pulp for the English newspapers. He said it is his intention to obtain, if possible, a block of properties for the cutting of wood pulp and also to arrange for the purchase of wood pulp for shipment to England, where it would be manufactured.

**COLDS, CATARRH RELIEVED**

**IN FIVE MINUTES**  
Consumption can be traced back in most instances to a cold or catarrh of the throat which was neglected. Don't court this white plague—ensure yourself at once against it by inhaling Catarrhose. A pleasant antiseptic medication that is inhaled into the lungs, nasal passages, throat and bronchial tubes where it kills disease germs and prevents their development. Catarrhose heals inflamed surfaces, relieves congestion, clears the head and throat, aids expectoration, and absolutely cures Catarrh and bronchitis. Quick relief, guaranteed, pleasant to use. Get the \$1.00 outfit of Catarrhose, lasts two months; small size, 50c. All dealers or the Catarrhose Co., Kingston, Ont., Canada.

**France to Help Finance China**

French bankers have joined with those of America and Japan in making an emergency loan to China to begin the operation of the government for the new Chinese year. Learning that the American and Chinese financiers had arranged to advance China \$7,000,000, the French, who previously had entered into the consortium which was to finance China, applied for permission to participate in the loan, and it was arranged that they should advance one-fourth of the total, and the Americans and Japanese three-eighths each.

Petroleum has been known from ancient times. It was used practically as a fuel around the Caspian Sea much earlier than elsewhere. Under the name of "Sicilian oil," it was burned in lamps in Rome in the days of Pliny. It entered into use in the West of Christendom ages ago, and was discovered by the early settlers in America.

**WHEN NEURALGIA ATTACKS NERVES**

**Sloan's Liniment scatters the congestion and Relieves pain**

A little, applied without rubbing, will penetrate immediately and rest and soothe the nerves. Sloan's Liniment is very effective in allaying external pains, strains, bruises, aches, stiff joints, sore muscles, lumbago, neuritis, sciatica, rheumatic twinges.

Keep a big bottle always on hand for family use. Druggists everywhere. 35c, 70c, \$1.40. Made in Canada.

**Sloan's Liniment**  
Keep it handy

Which? At an amateur performance an artist gave imitations of several popular actors, one of whom happened to be present.

Afterwards the ambitious amateur sought an introduction to the star and asked hopefully: "Did you see my imitation of you?" "I did," replied the great man promptly.

"Then, sir," persisted the aspiring youth, "may I ask you to give me your opinion of my art as shown in that impersonation?" "Well, my boy," the great man said, "one of us is rotten!"

An old bachelor is a man who admits that he doesn't think he is smart enough to take care of anybody but himself.

**Antipodean News Censorship**

Wisdom of Patriotic Cause Has Been Abundantly Proved  
Australia's newspapers scrupulously observed censorship regulations regarding the movement and the assembling of troops for overseas. The wisdom of this patriotic course has been abundantly proved, but the latest disclosures, made by Senator Pearce, Minister for Defence, is more to the point than most. When the cruiser Sydney won fame for Australia's young navy by smashing the raider Emden at Cocos Island, the captain of the German warship, Captain von Muller, was questioned as to the movements of his vessel. He said that he had searched every captured ship for Australian newspapers in the hope that he might learn when transports were leaving, but he was still in the dark when the Sydney ran over the horizon.

**For Overseas Visitors**

Plans Being Made for Rush of Visitors to England  
An effort to cope with the problem of providing accommodations for overseas visitors expected in England during the coming tourist season, and for whom no hotel accommodation will be available, will be made by the British Hospitality League, organized in London. The league, with which the Young Men's Christian Association and a number of Anglo-American societies and other bodies are co-operating, will avail itself of the machinery already built up by the Y.M.C.A. for housing accommodations in residential hotels and private homes in London and the provincial cities. This information will be placed at the disposal of visitors. It is planned to have league representatives in the principal ports and at the railway stations to assist in finding quarters for "room hunters."

**She's up and at Her Work Again**

**THAT WHY MRS. KARGUS RECOMMENDS DODD'S KIDNEY PILLS**

Lynedoch Lady states that she was so weak she could not get out of bed till she found relief in Dodd's Kidney Pills. Lynedoch, via Wolfe, Ont., March 22.—(Special)—"I feel like telling everybody about what Dodd's Kidney Pills did for me. This is the best I've ever had. I was so weak I was just a bundle of nerves. I was so weak I could not get out of bed. My heart troubled me very much and I was so nervous and restless. I was always tired and nervous, and sometimes I was so bad I thought I could not live much longer. I tried two doctors and they did not do me much good, so I tried Dodd's Kidney Pills. "They have done me a lot of good. I feel like telling everybody again and I am getting along fine." Mrs. Kargus' troubles are all symptoms of kidney trouble. That's why she got such prompt relief. Ask your neighbors if Dodd's Kidney Pills do not relieve all kidney ills.

**Teachers Give Up Profession**  
S. H. Forrest, retiring president of the Manitoba Teachers' Association, predicted that there would be no new teachers to supply the lack of them in Manitoba schools next year. In a special report presented, he declared that domestic and unskilled telephone operators were the only employees in the whole province receiving smaller salaries than teachers. Men teachers were getting out of the profession. In 1900 the proportion of men was 37 per cent, in 1910 it was 23 per cent, and in 1919 it went down to 16 per cent.

**Minard's Liniment Cures Dandruff**

A Precise Private  
In one of the training camps, just after our entrance into the war, an officer was making a round of inspection when he came upon a big, round-eyed private with red hair and a gun that he held in anything but the approved fashion.

"Don't you know better," demanded the officer, "than to point an empty gun at me?" "But it ain't empty, sir," protested the private. "It's loaded!"

Something Like Hash  
Manager: Well, my dear sir, did you find everything in apple pie order?

Trate Patron: I should say so. Found this apple core, shoestring, and cold butter in the apple pie I ordered.

A man is apt to take affront if requested to take a back seat.

**The Beauty of Fine Silverplate**

NIAGARA FALLS, ONT.  
The Silverplate of William Rogers and his Son

**Canada's Postal Surplus**

12,290 Post Offices in Operation in the Dominion  
The report of the Canadian Postmaster-General has been laid upon the table of the House of Commons, and shows a surplus of revenue of some \$2,000,000. The net revenue for the fiscal year 1918-19 was \$21,027,712.62, an increase of \$27,318.20 as against an expenditure of \$19,227,026.04. The surplus of revenue for the fiscal year over expenditures was \$2,329,128.71. There were on March 31, 1919, 12,290 post offices in operation in the Dominion. New offices opened during the year numbered 130, while 462 were closed, chiefly because of the extension of rural mail delivery routes. Of these, 31 new ones were inaugurated during the year, making a total of 3,705 in operation.

**SPRING WEATHER HARD ON BABY**

The Canadian Spring weather—one day mild and bright; the next raw and blustery, is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house, which is often over-heated and badly ventilated. He catches cold; his little stomach and bowels become disordered, and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing or relieving colds, simple fevers, colic or any other of the many minor ills of childhood. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**The Memory That Failed**

A well-known preacher was giving one of his stirring discourses, when he remarked: "Ah! that reminds me of something I shall never forget." Then he stopped and thought, and after thinking and waiting a long time, greatly to the astonishment of the congregation, he said: "Dear me, I can't think what it is!"

**ONLY TABLETS MARKED "BAYER" ARE ASPIRIN**

Not Aspirin at All without the "Bayer Cross"

**BAYER**  
For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" also call larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer members of the International Association of Manufacturers. While it is well known that Aspirin means Bayer, Aspirin is only one of the many products of Bayer. The Bayer Cross mark, the "Bayer Cross" will be stamped with their general trade mark, the "Bayer Cross".

**FOOD FORTIFIES**  
against exhaustion and illness—if it's the right kind of food.  
**Grape-Nuts**  
is easily digested and with cream or good milk is a well balanced ration that builds tissue and increases strength of body and mind.  
"There's a Reason"

## Of Local and General Interest

Rev. Father Coonan paid a visit to Calgary this week.

WANTED—Girl for general housework. Apply to the Enterprise.

C Chestnut returned Monday night from a visit to coast points.

When passing an insane asylum it is well to inspect the exit for loose nuts.

Flyers are now considered vagrants of the air, because they have no visible means of support.

Saskatchewan demands that moving picture posters bear the stamp of the censor.

Dr. and Mrs. Dayton left by Monday night train for Calgary, and will be away a few weeks.

Mrs. (Dr.) Moore left Monday night via Calgary for Vancouver, where she will spend a few weeks with her sister.

Miss Maggie Patterson returned from Michel on Monday, where she had been enjoying a few weeks of her two months' vacation.

British Columbia doctors prescribed 25,000 gallons of rye whiskey as ammunition to drive the demon "flu" from that province.

Dr. Dayton denies that he was so near death with the flu as reported through these columns a few weeks ago,—we are glad to say!

The Ladies' Aid of the Union church will hold their annual sale of plants at the Masonic hall on the afternoon of Wednesday, March 31st.

The fire in Cadomin mine continues to burn, despite all efforts to quench it. While water is being pumped into the drift continuously it is expected that the fire will last a month.

The shrewdest buyers have confidence in the merchant that advertises continuously in his local paper. They know such merchants cannot afford to do otherwise than give a square deal.

"Dad" Thomas who for several years exchanged smiles with the buying public over the drapery counters in the F. M. Thompson store, has moved to Vulcan, where he will go into business of his own.

FOR SALE—Four-room House and Lot, with cellar; house well finished and fenced in. Garden at front and back. Lot 8 in Block 7, House No. 15. A snap for cash. Apply to Pete Piator, Blairmore.

A big man and a little man were sawing a piece of wood with a cross-cut saw, that is, the kind with a handle at each end. An Irishman stopped to watch them pulling it to and fro.

After a few moments' observation, Pat strode up to the big man and dealing him a violent blow, said: "Give the saw to the little fellow if he wants it."

Cranbrook and Fernie, and probably this district, will join the Western Canada motorist at Lethbridge for their tour west through the Golden and back through the Crow. Camping places will be established between Golden and Cranbrook for the benefit of tourists desiring to cook meals along the route.

Because of trouble between the principal of the Youngstown school and pupils, and following investigation by the board, the principal was given thirty days notice to quit, the teachers alliance went so far as to place the Youngstown school on what is termed "the black list." The matter was taken up in the provincial house last week, and the government is satisfied that the school board were perfectly within their rights in discharging the principal. The question was asked by the Rocky Mountain member as to whether the teachers belong to the O. B. U. or the International.

Once a may see debauched liquor traffic by

Dr. N. F. Benson of Bellevue, paid Calgary a visit last week end.

Dr. Coonan was up from Retlaw for a brief stay on Wednesday of last week.

During the war in the interior Canada was protected by fleet of prairie schooners.

E. F. Rabal has secured a lease of the Budd building just east of The Enterprise.

Fire, which occurred in the Cadomin coal mines has been gotten under control.

A landslide has occurred in the Panama canal, which closes the canal to big vessels.

Fire did damage to the extent of about two thousand dollars to the Oxford hotel at High River.

Fire drill at Lethbridge central school emptied the building of five hundred pupils in fifty-five seconds.

Sir Sam Hughes, who has been suffering from pneumonia, came out of the Toronto hospital last week end.

Because of falling belt prices, they are not killing as many Bolsheviks in Europe now as they did a year ago.

Mrs. Robert Kerr has moved from Bellevue to Prince George, where she will reside in the future with her mother.

If the Dominion of Canada contained no natural resources, such as coal, there probably would be fewer strikes and greater prosperity.

Miss Murdoch has tendered her resignation as teacher to the Frank school board, and will shortly enter upon a newer and more permanent vocation.

We endorse the statement of the attorney-general that the provincial police are doing their utmost to keep down the liquor and locate the stills—ha, ha!

Steve Cleveland, a Macleod pioneer, died at Mayo Brothers hospital, Rochester, Minnesota, following an operation. Of late years he had resided in the Kaelo district of British Columbia.

At a meeting of the Manitoba Teachers Federation held in Winnipeg this week, a minimum salary of \$2400 a year for principals of colleges and intermediate schools outside of Winnipeg was demanded.

Pete Bosco, a Hillcrest miner, tried before the criminal assizes at Macleod, was found guilty of wounding a fellow miner by stabbing him with a knife. He was sentenced to three years' imprisonment with hard labor by Judge Simmons.

A fellow hailed us on the street the other day and wanted to know why we insulted him through these columns nine years ago. He said he had worried considerably over it, but because of prohibition he could not muster courage enough to unload his mind until now. And he had a pretty fair jaw on at this time.

Four are in the hospital at Macleod as a result of an explosion which blew the residence of Adam Ferguson to pieces on the morning of Thursday last. Gas accumulating in the basement as a result of a leak in the connections and the lighting of a match by the daughter in her quest for vegetables was the direct cause of the explosion. Adam Ferguson, the aged father, sustained a broken leg and the loss of an ear; Miss Helen Ferguson sustained several cuts and bruises about the body and internal injuries. Mrs. McBride, a daughter, was cut and bruised, and a C. P. R. operator, who had just returned from his night trick, was badly bruised and shaken up.

The U. S. senate has again refused to ratify the peace treaty.

Mike Rose is suffering from a cute godfinitis near the belt line.

Skirts are going higher in California, where women are doing aeroplane stunts.

Judge Joseph Camillen Noel, of the district court of Athabasca, died in Montreal on March 16th.

Every man has something to do which he neglects; every man has faults to conquer which he delays to combat.

Mr. and Mrs. W. J. Howe returned from Spokane on Saturday last and will reside in Blairmore for a while.

The time wasted by some men in bemoaning their poverty would, if properly utilized, enable them to earn a good living.

Mrs. Augustus Howe returned last week from a visit with Mr. and Mrs. T. J. Murphy at Shaunavon, Saskatchewan.

Mrs. Fulton and her daughter Mrs. J. F. Look, of Cowley, spent part of the week with Mr. and Mrs. William Oliver here.

If the present weather continues, seeding will be in full swing in the Cowley and Pincher Creek districts within the next two weeks.

The lord mayor of Cork was shot dead on Saturday morning last, the revolver being fired by masked persons, whose identity is unknown.

Miss Rhoda McLaren, normal graduate, youngest daughter of Mr. and Mrs. Finlay McLaren, has secured a school south of Pincher Creek.

A large pane of plate glass in Lewis' poolroom was shattered to pieces last week by coming into violent contact with an inebriated man's foot.

Five German warships, which have been allocated to the United States under the armistice terms, will be exhibited at Atlantic ports and studied by naval experts before being sunk at sea.

The huge Krupp works at Berlin, now partly closed, are employing 45,000 men. During the war 115,000 men were employed. Agricultural machinery and cash registers are being made instead of guns and shells.

The young Blairmore lady who has to pack a large milk can in the left hand, and hold on to a lover with the right while making the door-to-door rounds of this town, should enlist our sincerest sympathy.

Charles Diamond, editor of the Catholic Herald, whose trial on a charge of inciting to the murder of Viscount French, lord-lieutenant of Ireland, and others, in an article in his newspaper, was found guilty and sentenced to six months' imprisonment.

The attention of the public is directed to an advertisement of the department of finance, which appears in another column. It is in regard to the income tax and should be read and adhered to by all affected by it, as there are heavy penalties for non-compliance.

Mike Rose, since being fined a little sum for non-conformity with the requirements of the liquor act, has decided to dispose of his interests in this part of the world and look for a more sympathetic people with whom to carry on his vocation in life.

The city council of Red Deer refused to grant the use of the city hall for a public meeting to be addressed by James S. Woodsworth. Mr. Woodsworth was condemned prior to his arrival in Red Deer as an O. H. U. agitator, a Bolshevik, and a dangerous citizen.

When a man is down his enemies stop kicking him and his friends begin.

If you would be paid according to your own ideas of your worth, make yourself necessary.

Truly it can be said that our weather out here in the Rocky Mountains is composed of samples.

The drug stores and The Enterprise will soon be starting prescription and subscription contests.

The Penman family will appear at the opera house on Friday night in Scotch dances.

The Blairmore Trading Co. are conducting a big clearance sale for the next ten or twelve days. See them for bargains.

A ten-day clearance sale is being conducted at the store of the Blairmore Trading Co., commencing Saturday, March 27th.

A sitting of the district court was held here yesterday, very few small debt cases being tried—Judge McNeill presided.

Mr. S. Simister, of Vancouver, who has been visiting at Cowley, spent a few days with Mrs. McKay at Blairmore while enroute home.

The annual meeting of the congregation of the Union church was held last night, when reports from the secretary-treasurer, the board and pastor were received.

The Ladies Auxiliary of St. Anne's church will give a grand Easter ball in the opera house on the night of Easter Monday, April 5th, the proceeds of which will go towards the church building fund. If you're not a dancer, you still have a few days in which to learn how to avoid having a lady tramp on your understanding, and if you're a dancer you should make one resolution that if you

are to miss anything in the balance of your three-score-and-ten allotment it won't be the Ladies' Easter ball of 1920.

The Blairmore Coal Company, Limited, has been incorporated, with a capitalization of \$600,000 and head office at Blairmore. This company controls valuable coal lands acquired in West Blairmore several years ago by Messrs. Munn and Scott.
